# Introduction

**Because wherever a child or vulnerable person is safe, there you serve and honour Christ.**

Pope Francis written address to the Pontifical Commission for the Protection of Minors' plenary assembly in Rome March 24-28, 2025.

St. Mary's Primary, Ipswich is committed to creating environments where children and young people feel protected, valued, and heard. Safeguarding is a shared responsibility, and every child has the right to grow and thrive free from harm.

We are guided by our Christian Catholic Tradition and the teachings of Jesus Christ who advocated for the protection of children and the marginalised. Our mission to teach, challenge and transform through our educational endeavours is actioned by Catholic Social Teaching, as part of the Archdiocese of Brisbane.

The Queensland Government recently introduced new Child Safe Standards. These Standards clearly outline what child safe organisations must do to create environments where children are protected, respected and able to speak up. They focus on building safe, welcoming cultures, hearing and valuing children's voices, working closely with families, celebrating diversity, making sure the right people work with children, responding quickly to concerns, and always looking for ways to improve safety.

Throughout 2026, our school will review its compliance against the new Child Safe Standards using a phased approach in line with Queensland Family and Child Commission guidelines. We will review, self-assess and report against selected Standards each term, building towards full implementation and continuous improvement across all Standards by the end of the year. This staged process allows St. Mary's Primary to embed the Standards meaningfully and ensure our practices reflect the needs, voices and safety of our students.

As a Catholic school within the Archdiocese of Brisbane, we honour the Archdiocesan Safeguarding Commitment and uphold the values of Catholic education in our safeguarding practices.

This School Safeguarding Plan is developed in consultation with students, families, and employees, and is contextualised to our local school environment. It reflects our commitment to continuous improvement, cultural safety, and child-centred practice, and is supported by both Brisbane Catholic Education policies and procedures and school-specific safeguarding actions. Further Information about BCE wide practices can be accessed [here](#).

For more information or to request accessible formats, please contact the school Principal.

**The Archdiocese has zero tolerance for all forms of abuse and is committed to safeguarding everyone involved in its activities, ministries, and services. The safety and wellbeing of children and adults-at-risk is paramount.**

We develop relationships and connections with Aboriginal and Torres Strait Islander employees, students, families and communities to build and sustain inclusive and culturally safe practices and environments.

# Standard 1: Leadership and Culture

Child safety and wellbeing is embedded in the entity's organisational leadership, governance, and culture<sup>1</sup>

## Brisbane Catholic Education's commitment to Standard 1

At BCE, student safety is central to how we plan, think and act, shaping a safeguarding culture that protects their safety and wellbeing. We use a whole of organisation approach; led by strong leadership, embedded in practice and supported through shared responsibility. Clear policies, codes of conduct, Student Protection Processes and risk management plans set behavioural expectations and guide how we keep children safe. Our Safeguarding Policy aligns with the Archdiocese of Brisbane Safeguarding Framework and is available on our website. Leaders are accountable for ensuring these requirements are followed and continually improved. Safeguarding is a system critical foundation of the BCE Strategic Plan 2025–2027 and an identified enterprise risk, monitored through regular monitoring, internal audits and escalation pathways. Governance transparency is reinforced through quarterly reporting to the BCE Executive Team, Safeguarding Committee and Catholic Education Council, including assessments of practice effectiveness and improvement progress. We take a strong stand against discrimination, bias or harm toward any child and are committed to cultural safety for Aboriginal and Torres Strait Islander peoples.

## What Standard 1 looks like at our school:

St. Mary's Primary, Ipswich demonstrates a clear public commitment to student safety and wellbeing, including cultural safety for Aboriginal and Torres Strait Islander children and families. This Safeguarding Commitment serves as a regular reminder that the safety and wellbeing of our students are paramount at St. Mary's Primary, Ipswich.

A strong child safe culture is actively modelled through leadership practices. Student safety and wellbeing is prioritised through regular meetings as this ensures safety, including cultural safety, is central to decision-making across curriculum, staffing and school operations.

# Standard 2: Voice of children

Children are informed about their rights, participate in decisions affecting them and are taken seriously<sup>2</sup>

## Brisbane Catholic Education's commitment to Standard 2

We strive to create a culture where every child feels safe, heard and confident to share their ideas or concerns. Our employees and volunteers are supported to engage respectfully with students, listen carefully, and respond to their immediate needs. BCE's school safeguarding storybooks and animation series help explain our policies, processes and key safeguarding concepts to students in age appropriate ways. We also support schools to deliver Consent and Respectful Relationships Education so students understand their rights, identify trusted adults, and build positive, healthy and respectful relationships. Each year, students across all BCE schools are invited to share their views through the *Tell Them From Me* survey. This feedback helps us understand how students are feeling, their concerns and how we can strengthen safety and support in our schools. Our Student Voice Program gives students a platform to contribute to BCE wide decisions affecting their safety, wellbeing and learning. Our Archdiocesan First Nations Student Representative Council and our Aboriginal and Torres Strait Islander Education Team help co-design culturally safe policies and practices.

## What Standard 2 looks like at our school:

At St. Mary's Primary, Ipswich, Standard 2 is reflected in our commitment to ensuring students understand their rights, know what safety looks like, can identify trusted adults, and are supported to speak up. As a Catholic school on Yagara Country, our approach is grounded in the dignity of every child and a commitment to safety, inclusion, cultural respect and belonging.

Students learn about rights, safety and help-seeking through age-appropriate curriculum, respectful relationships education, protective behaviours, wellbeing learning, classroom routines and pastoral conversations. They are supported to identify trusted adults, including teachers, school leaders and Student Protection Contacts, and to understand that their concerns will be heard and acted upon.

Student voice is gathered through classroom discussions, wellbeing check-ins, student leadership, pastoral care, behaviour support processes, student support meetings and feedback from students and families. Staff use this information to identify needs, respond to concerns and strengthen student wellbeing and safety.

Student participation informs decisions about learning, playground and classroom supports, wellbeing responses, routines, leadership opportunities and safeguarding improvements. This ensures student voice contributes to practical actions that promote safety, belonging and inclusion.

Cultural safety shapes our approach by recognising the importance of identity, culture, language, family and community. We acknowledge our place on Yagara Country and seek to ensure Aboriginal and Torres Strait Islander students, culturally and linguistically diverse students, students with disability, EAL/D students and students who may be vulnerable are intentionally included, respected and supported.

Evidence of practice includes our safeguarding self-assessment, action planning, Student Protection Contacts, student support and wellbeing processes, curriculum delivery, pastoral care, inclusion supports, student leadership and family communication. Our planned improvement is to make student voice and child-friendly reporting pathways more visible, consistent and documented across the school.

# Standard 3: Family and community

Families and communities are informed and involved in promoting child safety and wellbeing<sup>3</sup>

## Brisbane Catholic Education's commitment to Standard 3

Student safety, wellbeing and learning are best supported when families and schools work together and share responsibility for protecting students. At BCE, we believe informed and engaged families and communities are essential to creating safe learning environments. We support schools to partner with families in ways that are consistent, respectful, culturally safe and shaped by local needs. We also make sure families and community members have clear, accessible information about our safeguarding approach and how to raise concerns. Each year, parents and caregivers share their perspectives through the *Tell Them From Me* Parent Survey. This feedback helps BCE understand family experiences and concerns, guiding improvements that make our schools safer and more supportive for students.

## What Standard 3 looks like at our school:

At St. Mary's Primary, Ipswich, Standard 3 is reflected in our commitment to partnering with families and communities to promote student safety, wellbeing and belonging. As a Catholic school on Yagara Country, we recognise that safeguarding is strengthened when families are informed, welcomed, listened to and able to contribute to decisions that affect their children.

Families are provided with information about safeguarding, student wellbeing, behaviour expectations, reporting pathways and school procedures through enrolment processes, newsletters, parent communication, meetings, the school website, interviews and direct contact with staff. This helps families understand how the school keeps children safe and how they can raise concerns or seek support. Family and community voice is gathered through conversations, meetings, feedback, enrolment and transition processes, student support planning, parent-teacher interviews, school events and communication with staff. This feedback helps the school understand student and family needs, respond to concerns and strengthen inclusive practice.

Family participation influences decision-making through student support meetings, personalised planning, behaviour support processes, wellbeing responses, cultural consultation, transition planning and ongoing communication between home and school. These partnerships support shared responsibility for student safety, learning and wellbeing.

Cultural safety shapes our approach by recognising the role of family, culture, language, identity and community in each child's sense of safety and belonging. We seek to build respectful partnerships with Aboriginal and Torres Strait Islander families, culturally and linguistically diverse families, families of students with disability, EAL/D families and families who may require additional support to access information or services.

Evidence of practice includes enrolment and transition processes, parent communication, student support meetings, personalised planning, behaviour and wellbeing processes, family engagement opportunities, inclusion supports, cultural liaison and the use of interpreters where needed. Our planned improvement is to make safeguarding information, reporting pathways and opportunities for family feedback more visible, accessible and consistently documented across the school.

# Standard 4: Equity and diversity

Equity is upheld and diverse needs respected in policy and practice<sup>4</sup>

## Brisbane Catholic Education's commitment to Standard 4

Every student deserves to flourish and has the right to learn in a safe, supportive and inclusive environment, free from discrimination, bullying and harassment. BCE supports all students, regardless of background, identity or ability, to access and fully participate in their learning. We embed equity at the heart of our culture through the Student Diversity and Inclusion Policy, the Student Wellbeing Policy and the Queensland Catholic Education Council's Inclusive Practice in Catholic Schools. We expect school practices to reflect each child's circumstances and needs, and to prioritise culturally safe, trauma informed approaches in planning, communication and engagement. The Engage Student Support System and the Multi Tiered System of Supports (MTSS) help schools provide a student centred, comprehensive continuum of support. These systems enable collaborative, targeted and personalised assistance for diverse learners. We also provide children with opportunities to learn about different cultures, people and communities through the Aboriginal and Torres Strait Islander Histories and Cultures Cross Curriculum Priority and the Australian Curriculum.

## What Standard 4 looks like at our school:

At St. Mary's Primary, Ipswich, Standard 4 is reflected in our commitment to equity, inclusion, cultural safety and respect for diversity. We recognise that every student has the right to feel safe, valued, respected and able to participate fully in school life.

Our approach acknowledges that students experience safety in different ways, shaped by culture, identity, language, ability, family context and personal circumstances. We aim to remove barriers to participation and ensure that diverse learners and students who may be more vulnerable are intentionally supported, heard and included.

Supports and adjustments are provided through personalised planning, NCCD processes, EAL/D support, LEAP teacher input, reasonable adjustments, curriculum differentiation, student support meetings, wellbeing processes and behaviour support planning. These practices help students access learning, participate in school life and receive support that reflects their individual needs.

Cultural safety and anti-discrimination practices are embedded through our acknowledgement of Yagara Country, respectful engagement with Aboriginal and Torres Strait Islander students and families, inclusive curriculum, respectful relationships education, pastoral care and consistent school expectations. Staff actively challenge exclusion, bias, bullying, racism and discriminatory behaviour through restorative conversations, behaviour support processes and targeted wellbeing responses.

Students access safeguarding information through age-appropriate teaching, visual reminders, classroom conversations, Student Protection Contact information, wellbeing lessons and support from trusted adults. Information is adapted where needed so students with disability, EAL/D students and students requiring additional support can understand how to seek help and raise concerns.

Evidence of practice includes personalised planning, NCCD processes, EAL/D support, LEAP teacher input, cultural liaison, student support meetings, reasonable adjustments, wellbeing processes, behaviour support planning, curriculum differentiation and family communication. Our planned improvement is to make inclusive and culturally safe practices more visible, consistent and documented across the school, with stronger evidence of how student and family voice informs support and decision-making.

# Standard 5: People

People working with children are suitable and supported to reflect child safety and wellbeing values in practice<sup>5</sup>

## Brisbane Catholic Education's commitment to Standard 5

BCE supports schools to ensure that everyone working or volunteering with students is suitable, safe and capable of upholding child safety and wellbeing. Our recruitment and screening processes embed safeguarding at every stage, from role design and advertising through to interviews, reference checks, onboarding and performance development. The Employee and Volunteer Screening Procedure includes a role risk matrix, Blue Card screening requirements and clearly defined responsibilities. These help leaders identify potential risks to student safety and wellbeing and respond appropriately. BCE's Human Resource Information System, Ignite, operationalises these procedures and helps employees monitor and maintain their safeguarding screening requirements. Our Procurement Procedure requires all external providers engaging with BCE offices or schools to be child safe and compliant with relevant legislation. The Risk Management Framework guides how we monitor safeguarding practices in schools through established quality control mechanisms. These processes ensure schools can safely engage employees, volunteers and third parties, with appropriate oversight, training and supervision in place before any child related work occurs.

We support child focused complaint pathways that are accessible to students, families, employees and community members. Our policies and procedures outline reporting requirements, cooperation with authorities, and expectations for timely and safe responses to concerns. From 1 July 2026, BCE will implement Queensland's Reportable Conduct Scheme. This means BCE will report any reportable allegation or conviction, conduct investigations, provide interim and final reports to the Queensland Family and Child Commission, and immediately notify police of any suspected criminal conduct within required timeframes. ## Brisbane Catholic Education's commitment to Standard 7

BCE builds a confident, capable and culturally aware workforce committed to children's safety and wellbeing. Our Mandatory Safeguarding Training Framework sets clear onboarding and refresher requirements for all employees. Every year, BCE employees complete online student protection training covering indicators of child harm, grooming behaviours, how to respond to disclosures and mandatory reporting requirements. School staff also participate in additional face to face training each term on topics related to student safety and wellbeing. Staff who serve as Student Protection Contacts (SPCs) receive advanced training in managing disclosures and supporting colleagues to keep students safe. Volunteers and third party providers complete mandatory safeguarding onboarding before commencing any child related work, along with annual refreshers recorded in school registers in line with the Volunteer Policy and Procedure and Third Party Safeguarding Guidelines. BCE has developed a Cultural Learning Plan and Cultural Capability Framework to strengthen cultural competency and responsiveness, promote cultural safety and BCE's Ngutana-Lui Centre provides curriculum-aligned cultural learning for students and staff. All employee training is tracked through BCE's Learning Management System (iLearn), which issues automated reminders and provides compliance reports to managers.

We take a holistic, strengths-based approach that recognises all dimensions of a child's wellbeing – physical, social, spiritual, emotional and cultural. Building plans are reviewed with a focus on environmental risks that may affect children's safety. The BCE Health, Safety and Wellbeing (HSW) Policy and BCE Safeguarding Guidelines for School Design provide practical guidance to build safe, inclusive spaces with strong visibility, supervision and access control. To support online safety, BCE aligns with the eSafety Commissioner's Best Practice Framework and delivers the Australian Curriculum for Online Safety (P–10). The Acceptable Use of Devices and Digital Resources agreement promotes safe digital behaviour and is supported by content filters and monitoring tools. Policies such as the Employee Code of Conduct, IT Acceptable Use Policy and Privacy Policy outline expectations for safe online behaviour. Ongoing improvement ensures our policies, frameworks and practices evolve in response to emerging issues, data and feedback, and remain effective in preventing harm and promoting wellbeing. System wide reviews are carried out by the Assurance Team, Risk and Compliance Team and through school accreditation processes. These reviews assess the effectiveness of safeguarding measures and identify opportunities to strengthen practice. Critical incidents also trigger structured post incident reviews to identify risks, evaluate responses and enhance wellbeing supports for students and employees. Governance committees, including Safeguarding, Risk and Assurance, and People and Safety, monitor trends and support system wide improvements. Schools are supported to monitor their own safeguarding indicators, such as Blue Card compliance, attendance, bullying and wellbeing data, enabling a local cycle of review, reflection and continuous improvement.

## What Standard 9 looks like at our school:

At St. Mary's Primary, Ipswich, continuous improvement in safeguarding is embedded through regular, structured review processes informed by data, student voice, and collaborative decision-making.
